## John L. Scott's Latest Innovation -- Personal Web Address for Each Property

BELLEVUE, Wash.--(BUSINESS WIRE)--Jan. 21, 1999--J. Lennox Scott, President of John L. Scott Real Estate announced the implementation of Internet Property Link (SM), the company's newest marketing tool.

This program will provide a URL for every John L. Scott property for sale. This program represents the ultimate application of Internet marketing for seller's homes. Showcasing each listing with it's own web address significantly raises the level of John L. Scott's interactive marketing strategy -- customers reading the company's newspaper ads, signage, flyers, and Homes Magazines can now instantly access the Internet home page of a specific property.

The benefits provided by this program are directed towards both buyer and seller alike. Sellers appreciate the instant marketing appeal. Prospective buyers can directly access information on a property on the Internet without trying to locate the home through more lengthy search parameters. Once they enter the property web address, a wealth of additional information is available on the home. Buyers can view additional photos, a map of the property location, voice description, additional features and calculate the mortgage. Internet Property Link(SM) makes the on-line home search 'one-step' easier.

The property address looks like this:

[www.johnlscott.com/67998](http://www.johnlscott.com/67998)

(5-digit code is unique for each home)

John L. Scott has grown to become one of the nation's largest real estate networks. The company currently has more than 2300 sales associates in 87 offices throughout Washington, Oregon and Montana. Our Internet site has the largest inventory of homes for sale in the Northwest. Visit [www.johnlscott.com](http://www.johnlscott.com) today.
